## User and system requirements

Description on how we proceed to produce the list:

Each member of the group did a study case of the project and then we merged it after a meeting on Teams.

List of functional and nonfunctional requirements:

Description Create a group Priority Must Release 1.0  ID FREQ_2 Description The user can connect themselves to the chatroom Priority Must Release 1.0  ID FREQ_3 Description The user can disconnect themselves from the chatroom Priority Must Release 1.0  ID FREQ_4 Description The user can add contact Priority Must Release 2.0  ID FREQ_5 Description Create an account Priority Must Release 1.0  ID FREQ_5 Description Create an account Priority Must Release 2.0  ID FREQ_6 Description The user can delete contact Priority Must Release 2.0  ID FREQ_6 Description The user can delete contact Priority Must Release 2.0  ID FREQ_6 Description The user can delete contact Priority Must Release 2.0  ID FREQ_7 Description The user can send messages	ID	FREQ_1
